## Fraser Valley Classic Car Show Report

Mike McChesney reported on the preparations for the show to be held June 7th. The planning Committee consists of himself, Steve Gill, Paul Anderson, Bruce Webster as Adviser; Jennifer Menge and Leslie Gmur from the Fraser Valley Healthcare Foundation and Kris Miller from the University of the Fraser Valley Trades & Technology Dept. Assisting also is Dan Webster with registration and Doug Holbrow and Bill McClure who have procured a car to be raffled. Michael Hamilton-Clark will again be providing trophies.

Sarah Toop of the Sarah Toop Real Estate Group has returned as a presenting sponsor. The Committee is approaching many of last year's sponsors who are returning as well as some new sponsors.

Registration classes will be the same as last year – British, American, Modified, Import – with a new “Youth Enthusiast” class this year for young people. This last class will have a trophy donated by UFV.

The Raffle Car is a 2004 Saab 9-3 Arer 2 Litre Turbo. Tickets will go on sale on February 26<sup>th</sup>. Various local companies have donated supplies and tires for this project.

There will be the need for volunteers on the day of the show but we will also need volunteers prior to that date. In particular there is a UFV Trades & Technology Open House to be held on February 26<sup>th</sup> at the UFV Chilliwack Campus. It is the intention to have the Raffle Car there and we require volunteers to promote the Show and the Raffle Car.

### Purchase of an Analyzer

The Club has purchased an Ignition Analyzer which is suitable for use on older cars. It will be available for use at the barn for a small fee.
